

Safety Eyewear - Sport

Sport Style Safety Glasses

Horizon™ These safety glasses feature upper and lower shields for total wrap around protection. Adjustable at the temple for a comfortable, custom fit. 99.9% UV protective, available in anti-fog, scratch resistant lenses. **ANSI Z87.1**

Prospect™ The front lens is a single piece of impact resistant, molded polycarbonate that curves to fit the eye area. Adjustable at the temple for a comfortable, custom fit. 99.9% UV protective, available in anti-fog, scratch resistant lenses. **ANSI Z87.1**

Infinity™ Similar to the Prospect™ with a stylish v-cut at the temple. **ANSI Z87.1-1989**

Richocet™
This cross between a safety glass and goggle offers sleek, versatile protection. The flexible frame is foam padded to conform snugly to the eye area. Direct ventilation through side holes improves air circulation and reduces fogging. The wide adjustable band secures the goggle during any activity. 99.9% UV protective, available in anti-fog, scratch resistant lenses. **ANSI Z87.1**

Applications: Construction, machining, milling, industrial, laboratory and similar industries requiring eye protection from particulates and splash.

Features and Benefits

Lenses

- Strong Polycarbonate
- Anti-fog
- Scratch Resistant
